

Quality Statement

The management and staff of Craftpak recognises that only by offering products and services of the highest quality will our facility meet the current and continuing needs of our customers.

In support of this goal:
The Quality Policy of Craftpak:

- Consistently provide a product or service that meets or exceeds our customers quality expectations.
- Stride for continuous quality improvement in every aspect of our business.

In order to implement this policy, Craftpak will endeavour to:

Understand our customers current and future needs.
Design, print, manufacture and supply to meet our customer needs.
Improve our service based on operational measures, related to our customer needs.
Achieve this improvement by the active leadership of management and the involvement of every employee within Craftpak.
